

Lainey Fisher

Personal Summary

Being a member of Florida 4-H Executive Board, serving as Vice President for Lee County Teen leadership 4-H Club, and having attended several leadership events has sculpted me as an individual. Through these events and opportunities, I have grown into myself, learned how to work as a part of a team, and improved my leadership skills. I am a hardworking, motivated, and responsible individual.

Life Skills Development

Leadership:

- As Leader of "Dig into Reading" community pride project, I worked with members of my club and our 4-H leader to compete a proposal, set SMART goals for our project, and follow through on our goals to complete the project.
- As Vice President of Lee County Teen Leadership 4-H Club, I worked closely with our 4-H leader and officer team to run smooth and proactive meetings on a monthly schedule.
- As a Senior 4-H member, youth members ask me questions, which I provide the answers too. I also provide information on where they can receive help, guidance on their record books, and give them the support they need.

Teamwork:

- As a part of the 4-H University planning committee, six members and I collaborated on ideas and past experiences to design the t-shirt for the 2023 4-H University attendees, and the theme for 4-H University. I also provided input as a voting member on the overall structure.
- As a part of the Communication and Council Support standing committee, members of the 4-H University social media sub-committee and I worked together to make a schedule that worked for everyone and was effective at completing the task of spreading the word about 4-H University.
- In our clubs community service project "Dig Into Reading", another youth and I shared ideas and information to create a flyer for donations toward the project.

Self-Esteem:

- In 2020, I completed my first demonstration in front of 25 members in my club, boosting my confidence and skills in public speaking.
- At the Lee County 2021-2022 Awards Banquet, My 4-H agent, another youth, and I presented and gave recognition to the 4-H members. This opportunity provided gave me the confidence to trust myself in my public speaking skills.
- 2022 4-H University Animal science demonstration, allowed me to learn how to be well prepared for a speech, giving me the confidence in myself to present in front of three judges and other participants.
