

# A Laura Brown

## 2023-2024 STATE VICE PRESIDENTIAL CANDIDATE

- I am 17 years old and a 12 year member of Gilchrist County 4-H
- My projects are focused around Agriculture & Leadership
- I'm passionate about agriculture and leading others to make an impact in their communities and state-wide.
- I love to teach others about 4-H and the opportunities it provides
- I am an experienced state officer and a 3rd generation 4-H member
- I will always seek to find new ways to reach new members and to help them find their spark in this widespread organization.
- My goal this year is to serve all of Florida 4-H and work as a team to make the best better!

# I Pledge...

## MY HEART TO GREATER LOYALTY

I take pride in Florida 4-H, engaging with stakeholders, alumni and members across the state. My greatest joy is connecting with those 4-H members both current and past.

## MY HEATH TO BETTER LIVING

I continuously strive to be apart of a healthy and thriving community. 4-H has the unique opportunity to reach youth and families allowing them live better through their involvement with 4-H. I believe Executive Board is the lifeline to 4-H which builds a healthy, strong support of Florida 4-H.

## MY HEAD TO CLEARER THIKING

Many heads are better than one, so this past year as Chair of the DATC planning committee we had goals and ideas of how to make this event a success. Working together to problem solve and put ideas into action is what made this event so successful. I am grateful for this experience and would love the opportunity to make a larger impact next year serving as the head of another committee.

## MY HANDS TO LARGER SERVICE

Through putting on the largest Day at the Capitol in 4-H History, I learned that if we reach out across the state we will continue to touch the lives of all the communities in Florida through service and experiential learning. Florida 4-H has served me and countless others across the state so I strive to serve others.

*for my club, my community, my  
country, and my world*
