SKILLS BASED RESUME

Life Skills development

Leadership

- As A leader I led and facilitated teambuilding activities for a group of 10 students at iLead helping develop teamwork and communication skills.
- As the president of my club I coordinated a community service project with our 8 members. We created cards of appreciation for our fellow firefighters for the holidays.

Communication

- As the president of my club I have learned how to communicate in a way that helps me understand another person's reasoning.
- At the 4-H proclamation I was able to learn how to address a county official meeting and represent our club in a respectable way.

Teamwork

- During my team demonstration, I learned to communicate effectively and share responsibilities. This showed me that strong teamwork depends on clear communication and equal contribution.
- As member of the ambassador committee with 20 people we worked together by doing impromptu elevator speeches, mock interviews, and going to the Capitol to ask for funding for Camp Cherry Lake.

Self Motivation

- This year I found a cool opportunity in sewing from A spin club. It motivated me to make my demonstration about that subject.
- As the president of my club I have been more ambitious to complete assignments and experience new projects like the Fashion Review.
